 AND SUCCEED
 WHEN THEY GET THERE;
 AND WHERE STRONG
FAMILIES

 VIBRANT, ROBUST
COMMUNITIES
THAT THRIVE

WHO WE ARE

Georgia Family Connection Partnership (GaFCP) was established to connect and convene key community members committed to improving the well-being of children and families. On any given day there's a table in a county in our state where caring, concerned citizens gather to grapple with the complex issues that challenge our children and families.

By bringing everyone together, we can better understand and address the most pressing concerns of communities and partners across Georgia. This disciplined approach to collaboration allowed us to extend much needed locally based support and make effective use of existing resources and services.

Collaborating to Help Georgia Prosper

GaFCP supports county Collaboratives' and state partners' work through technical assistance, data, research, evaluation, and a focus on race equity. We also lead several statewide initiatives that tackle some of our toughest issues related to child and family well-being to strengthen communities and help all Georgians prosper.
